Providence 26th August 1834.

Dr Br Phelps. your letter came to hand yesterday. My hands are more than full hear. & I am pushed so hard to go to Boston & many other places that I dont see how it is possibly consistent with duty for me to comply with your request. I have been trying to be ready to leave here & go visit my family any day but it is difficult to leave. Interest increases. I rec. Br Fitch's letter but for want of time have not answered it. So any letter to write that I can't reply always when I would. Please to let him know that you have heard from me.

Your Brother

C. G. Finney
